rolling industry in Europe and  
worldwide

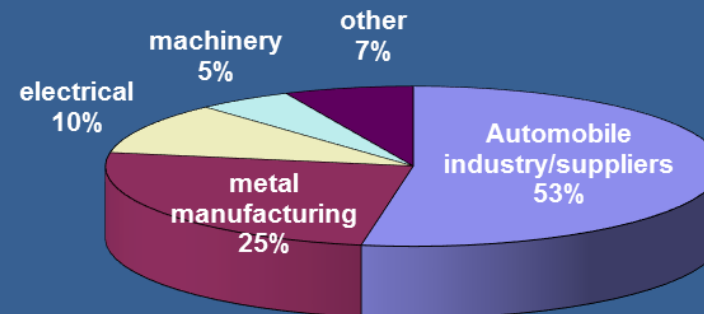

# Product Cold Rolled Strip

Yearly production	2020
Germany	1,45 Mio. t (2019) 1,25 Mio. t (2020)
Italy	290.000 t
Spain	90.000 t
France, Others	150.000 t
<b>Europe</b>	<b>1,8 Mio. t</b>

Cold rolled strip consumption in Germany  
(in %, estimated)

# Cold rolling branch => SME-structured industry

Our interests:

→ **Fair supply chain / ,sandwich-position‘**

- Balance between powerful buyers/suppliers

→ **Support for steel manufacturing SMEs**

- Better conditions for growth, dynamic and fair competition concerning taxes, legislation, environment, energy (prices) and technology
